

## Lacrosse Delivers Fresh Challenge and Fun

by Ron Danuser

As popular as some old standbys such as dodge ball and biking are, a new activity often ignites new interests and uncovers hidden talents of our students. Lacrosse is just such a game. Playing a slightly modified, more recreational game the students were quickly drawn to its fast pace and aggressive game play. Given the nature of the game one might think disputes would erupt, however good sportsmanship ruled the day and laughs and hi-fives were frequently seen. As Lacrosse is highly aerobic, both teams left the field with hair dripping and shirts covered in sweat. Stories of their triumphant and nearly-triumphant plays mingled amongst the players and it was obvious to all that Lacrosse would become a new 'standby'.
