

MSD participated in the Fulton Jaycees Winter holiday parade on December 1, 2012. We were #44 in the long parade line. Our theme was "Winter Wonderland" and we had 3 of our youngest students ride the float while the older students (7) walked alongside the float and gave candy and ILY cards to parade watchers. We did not win anything but this was a wonderful experience for our students. They put their hearts and spirits in building the float which made them winners! We look forward to next year's parade! - Bethany Peterson
